

1. Personal information

Full name: Geijzendorffer, Ilse, **Date of Birth:** 24 July 1979, **Place of birth:** Delft the Netherlands

Phone: +33652926228, **E-mail:** ilse@tourduvalat.org

2. Education and degrees awarded

- Bsc Biology and Msc Theoretical Mathematical Biology at Wageningen University, the Netherlands, 1997-2003
- PhD (Environmental Science), University College Dublin, Ireland, 2003 – 2007

3. Research Focus

Main focus is on quantifying and monitoring the state and trends in biodiversity and ecosystem services in the transfer of knowledge on these trends towards policy science interfaces. From this perspective she has been involved in all the stages from data collection to informing decision makers through indicators and trend reports. In the last five years, her focus has been on the Mediterranean basin and sustainable development, and more recently in particular the Mediterranean wetlands.

3. Work position

- Tour du Valat, Research Institute for the conservation of Mediterranean Wetlands. Team coordinator of the Mediterranean Wetland Observatory; Senior Research Scientist, 1 May 2016 – ongoing;

4. Leadership (last five years)

- Chair of the Ecosystem Services working group of GEO BON
- Co-chair of the Mediterranean Ecosystem Services working group of the Ecosystem Services Partnership
- Co-chair of the Scientific and Technical committee of Ecosystem Services of MedWet for Mediterranean wetlands

5. Participation in European project

- ECOPOTENTIAL: Improving future ecosystem benefits through earth observations EU H2020 project no. 308454.
- Finished in 2017 OPERAs: Ecosystem Science for Policy & Practice, EU FP7 project no. 308393.
- Finished in 2017 EU BON: Building the European Biodiversity Observation Network, EU FP7 project no. 308454.
- Finished in 2014 KNEU/Biodiversity Knowledge: Developing a Knowledge Network for European expertise on biodiversity and ecosystem services, EU FP7 project no. 265299.
- Finished in 2012 EBONE: The European Biodiversity Observation Network. EU FP7 project no. 21223.
- Finished in 2012 BioBio: Biodiversity Indicators for European Farming Systems, EU FP7 project no. KBBE-227161.
